

MISCH IMPLANT INSTITUTE · THE CAPSTONE OF THE CURRICULUM

Live Surgery Experience

Place implants on live patients, guided at a 2:1 student-to-instructor ratio

MEXICO CITY

OCT 31 – NOV 1, 2026

COUNTS TOWARD MASTERSHIP

THE FORMAT

3 Days Live Surgery + 1 Day Didactic

A full day of focused didactic grounding, then three days operating on live patients — the deepest surgical experience in the curriculum.

2:1 Student-to-Instructor Ratio

Two participants per instructor means an educator is beside you for every step — not across a lecture hall.

Pick Your Procedures

Choose the procedures you most want to perform, so your days are spent building exactly the skills you came for.

Personalized Clinical Plan

You build a clinical plan with your educator before you arrive — so day one starts with intent, not orientation.

YOUR SURGEON

Dr. Javier Calatrava

DDS, MS, MCLin, PhDc · Periodontics

DIRECTOR OF LIVE SURGERY

Periodontist, researcher, and Chief Operating Officer of the Misch Implant Institute. Trained at the Complutense University of Madrid, where he teaches in the graduate periodontology program and researches how prosthetic design affects peri-implant biology.

Room, dining, and on-site transportation included.

Land in Mexico City and operate — we handle the rest. Airfare not included.

ALL INCLUSIVE

Seats are limited by the 2:1 ratio.

Reserve your place and build your clinical plan with your educator.
